SUMMARY

Creative and dependable Entry level Web Developer Graduate with a Master of Computer Application looking to leverage my skills to solve interesting problems that delight end-users.

Knowledgeable with the principles and techniques of website construction.

I am seeking a position with a growing organization where I learn and make a positive impact. I am eager to apply academic and professional background towards launching a successful career as a Web Developer with an employer offering opportunities for professional development.

TECHNICAL SKILLS

Manual testing, HTML, CSS and Javascript

EDUCATION

Bharathiar University - Master of Computer Application, 2002 – 2005 Coimbatore, India.
Bharathiar University - B.Sc., Computer Science, 1999 – 2002 Coimbatore, India.

CERTIFICATES

Metropolia Open University - Developing Modern Web Platforms (HTML-CSS-Javascript)

WEB DEVELOPMENT PROJECT

- Design and implement front end interfaces and websites.
- Build functional interfaces for dynamic websites.
- Write code that adheres to standards and best practices.

EXPERIENCE

Software Engineer, August 2005 - October 2007
Apere Software Pvt. Ltd., Hyderabad, India.

- Developed 50+ test plans and test cases, including performance test plans and security test plans.
- Drafted testing reports, reducing data to key insights that helped increase team efficiency.
- Reviewed user interfaces for functionality and adherence to design guidelines.
- Perform manual tests on 15 client software projects.
- Collaborated with software development engineers to build a deep understanding of features and architecture prior to testing.
